**Pattern Notes:**

- Written in US Terms
- CH2 stitches at the beginning of each row **do** count as a st unless otherwise stated. However, if you do not like ch2 starts to rows I recommend you Ch1 (does not count) and hdc into the first st instead. This gives a nice straight edge without the gaps to start.
- The stitch count remains the same for each row. They are given at the end of row 1 as each row maintains the same stitch counts.
- Where pattern is different per size this will be shown as Preemie (Security, Baby, Receiving, Crib)(Throw, Double, Queen, King)
- If you need to adjust the starting chain or foundation row you will need to amend row 1 by a multiple of 8 sts.
- The stitch multiple if you are chaining to start is 8+5
- The stitch multiple if you are working FHDC to start is 8+4
- Even numbered rows are wrong side rows. Odd numbered rows are right side rows.

- Please read the pattern and ensure you are comfortable with it before starting your project.

Special stitches:

Foundation Half Double Crochet: Foundation stitches give a more even finish to your projects that a chain start might. You can find out video tutorials on how to work these stitches at:

Left-handed -

Front post double crochet : Yarn over (yo) and insert your hook from front to back between the posts of the first and second double crochet of the row below, and then from back to front again between the posts of the second and third stitches.

The hook should now be positioned horizontally behind the double crochet that you're working around. Yarn over and draw the yarn around the post of the stitch.

You now have 3 loops on the hook.

Yarn over and draw the yarn through the 2 loops on the hook, twice.

One front post double crochet (FPdc) is complete.

The hook should now be positioned horizontally in front of the double crochet that you're working around.

Yarn over and draw the yarn around the post of the stitch.

You now have 3 loops on the hook.

Yarn over and draw the yarn through the 2 loops on the hook, twice.

You've made one complete back post double crochet (BPdc).

Our video tutorial for this stitch is here

Front Post Treble Crochet : YO twice, insert hook around the post of the stitch you will be working so that the post sits on top of your hook (as it did for the FPdc), YO and pull through. *YO and pull through 2 loops on your hook* Rep from * to * twice more. Stitch completed.

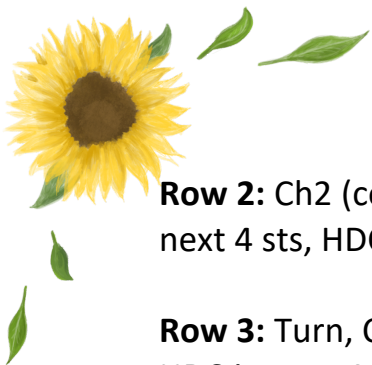

Back Post Treble Crochet : YO twice, insert hook around the post of the stitch you will be working so that the post sits behind your hook (as it did for the BPDC), YO and pull through. *YO and pull through 2 loops on your hook* Rep from * to * twice more. Stitch completed.

Rows 7 on: Rep rows 3-6 until your blanket is 22 (14, 30, 40, 45)(52, 90, 96, 108)" tall

Note: if you like symmetry in your projects end with a row 3.

FO and weave in ends if you do not want to add a border.

Border around your blanket:

Note1: You may find it easier to place a stitch marker in each of the 4 corner stitches or corner chain space.

Note 2: To make a chunkier border quicker you can replace the FPhdc and BPhdc with FPdc and BPDC instead. I recommend doing this for throw size and larger, but for all baby sizes stick with the hdc versions so that the gaps between the stitches are smaller.

I have video tutorials for this border that you can follow:

For sizes Throw – King:

Round 1: Starting in a corner stitch / chain space attach your yarn, *[ch2 (counts as a st), hdc, ch1, 2hdc] in the corner stitch, hdc in each stitch across to the next corner stitch making sure you have an odd number of stitches,* Repeat from * to * 3 more times, slip stitch to join.

Note: For my throw size I worked 6 rounds of the border.

Customizations:

This blanket would look fantastic with tassels or pom poms added to the corners!

Or for a festive look why not add some fur yarn in a simple hdc border to your blanket? Just follow the instructions for the border above but only work normal HDC and chain stitches without the FP and BP element.
